In this campaign, I developed and executed a **Meta Ads strategy** for **boAt Watch Storm** to increase website traffic and attract potential buyers.

I allocated a **₹1,00,000 budget for one month**, researched key competitors (Noise, Fire-Boltt, and Amazfit), and highlighted the product's **USPs** including health tracking, sleek design, long battery life, and affordability.

I set the campaign objective to **"Traffic,"** defined precise audience targeting for fitness and tech enthusiasts aged 18–35 across India, and selected placements on **Facebook and Instagram**.

I created an engaging ad creative with a "Shop Now" CTA and analyzed **estimated campaign results** to optimize performance.

1. Competitor Research:

A. Noise:

Noise is a leading Indian consumer electronics brand specializing in smart wearables and audio products. Known for its affordable pricing and feature-packed smartwatches.

- Wide range of smartwatches like ColorFit, Pulse, and NoiseFit series.
- Focus on fitness features — SpO2, heart rate monitor, sleep tracking.
- Integration with both Android and iOS.
- Target audience: Young, fitness-conscious tech users (18–35 years).
- Active social media presence, influencer collaborations, and lifestyle branding.

Noise is a direct competitor with strong digital marketing and brand perception in affordable smartwatches. They emphasize fitness, youth culture, and value-for-money — similar to boAt's positioning.

B. Fire-Boltt:

Fire-Boltt is an Indian smartwatch and wearable brand offering a mix of affordability, style, and performance.

- Offers smartwatches with Bluetooth calling and voice assistants.
- Strong celebrity endorsements (e.g., Virat Kohli).
- Premium design with affordable pricing (₹2,000–₹5,000 range).
- Fitness & health tracking: Heart rate, SpO2, sleep, and sports modes.
- Consistent social media and influencer collaborations.

Fire-Boltt competes directly with boAt through aggressive influencer marketing and high product visibility. Their campaigns are aspirational, blending fashion with tech, which appeals to the same demographic boAt targets.

C. Amazfit:

A premium wearable brand owned by Zepp Health, offering high-quality smartwatches with advanced fitness tracking and long battery life.

- Focus on technology-driven health tracking (sleep, heart rate, oxygen).
- Sleek design with premium build quality.
- Price range slightly above mid-segment (₹5,000–₹10,000).
- Focused on serious fitness enthusiasts and professionals.
- Uses lifestyle and fitness-driven branding.

Amazfit appeals to a slightly higher-end audience, emphasizing performance and durability. While not a direct competitor in pricing, it influences the aspirational value of boAt's products.

2. Unique Selling Points (USPs) of boAt Watch Storm:

A. **Comprehensive Health Tracking:**
   Monitors heart rate, SpO2, sleep patterns, and fitness activity in real-time for complete wellness tracking.
B. **Stylish & Durable Design:**
   1.3" full-touch color display with premium metal finish and customizable watch faces that match every mood.
C. **Seamless Connectivity:**
   Quick Bluetooth pairing with both Android and iOS; stay connected with call, text, and social notifications.
D. **Long Battery Life:**
   Up to 10 days of battery life on a single charge — perfect for travel and daily wear.
E. **Affordable Smart Luxury:**
   Premium smartwatch features at an unbeatable price point, catering to India's style-conscious youth.

3. Campaign Setup:
